

R2 USB

UHF RECEIVER WITH USB CONNECTION FOR TY SERIES RADIO MICROPHONES

2 UHF channels to connect up to 2 wireless microphones

Modular connects up to three USB R2s in series to connect 6 wireless microphones simultaneously

USB C

R2 USB

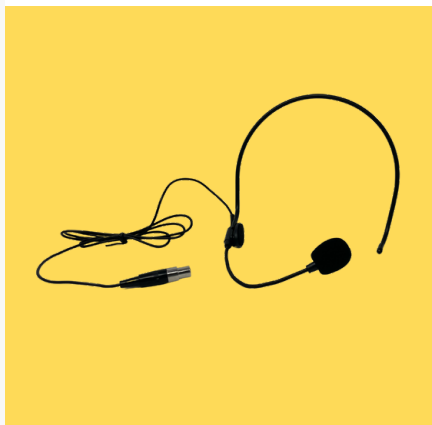

Practical and Portable 2-Channel UHF Microphone Receiver
to be connected to a USB-C socket on a PC or LAPTOP COMPUTER

Thanks to the USB C IN and OUT ports it is possible to connect up to 3 R2 USB receivers
in series to your device using a single USB port.

Consequently, it is possible to connect up to 6 UHF wireless microphones from the TY Series,
choosing from the following NECK, DESK or ICE.
